**Assistant Den Leader** – Assist the den leader in the planning, design, and execution of den meetings. Also, help maintain records of den members required and elected adventures to keep the den on track to advance to their next rank by Blue and Gold in February.

**Communications Chair** – This role is primarily responsible for developing and maintaining a well designed web site to assist the Pack in communicating important information, such as calendars of events, registration deadlines, etc. In addition, Pack 837 also has a Facebook account which needs to be maintained on a regular basis.

**One Time Helper Events Main Duties:**

**Popcorn Committee** – Help with the collection of the popcorn paperwork, submission of the forms in a timely manner, organization, and distribution of the inventory to scouts to fill their customer orders. **Ideally, this individual would be assisting Scott Wilson during the current year to replace Scott as the Popcorn Kernel in 2016-2017.**

**Blue & Gold** – Help with annual dinner to celebrate the Scouting and also honor scouts as they advance to their new rank. This committee will be led by Co – Chairs Ashlee Amos and Amber Wilson. Team members will assist in the planning, decoration, and execution of the agenda to ensure the program flows in a timely manner.

**Holiday in the Park** – This is the annual Christmas Light display located in Farmers Branch Historical Park. Each night, the city allows non-profit organizations to work an evening during this event and retain 100% of the donations. The pack needs volunteers to greet visitors passing thru the park, count incoming cars, make sure visitors remain in their cars, pass out candy cane, and 1 willing volunteer to be Santa for the kids.

**Cub Scout Day Camp Volunteers** – Help with Cub Scout Day camp that usually is held during the latter part of June. Kris Buckner and Robert Goodno are the Co-Chairs of this event. Volunteers are needed to make totems to be traded among other packs and/or attend the day camp and escort the boys to the various stations.
